

The Kentuckian.

Established 1879. Vol. XLI—No. 25

HOPKINSVILLE, KENTUCKY, SATURDAY, JUNE 28, 1919.

SMALL DOSES

The President will sail for home tomorrow.

A Louisville man caught a cat fish weighing 61 pounds in Salt river.

Somebody went off and left a basket containing a boy baby on the steps of a convent in Louisville.

Edwin B. Howard, of Harlan county, has been named for West Point by Representative Robison.

There is a wild rumor that Claude Clark is loading up for a Fourth of July oration. Just where, is not yet known.

The latest hanging in Mississippi was to a limb of the big gum tree under which the victim committed suicide. Lynched, by gum.

Both the Huns and Hungarians are busy "revoluting" and killing each other from Hamburg to Budapest and nobody cares a continental.

Admiral von Reuter having destroyed a navy that belonged to the Allies, because the Kaiser said so, has done some rooting that may cause the hog to die.

President-elect Pessoa, of Brazil, who is in the United States, has been invited to visit Louisville. If he gets that close, of course he will want to see Hopkinsville.

Bryce Ringer, an Indian Red Cross worker committed suicide in Berlin. If a man is disgusted with life, Germany is about the best place to leave the world from.

Prof. R. R. Green, of Bowling Green, has been elected president of the Kentucky Educational Association. Judging by his name, his real place is on the Textbook Commission.

The Madisonville Business Men's Association offers \$20 for the best slogan to begin business with. Here's one that ought to win: "Madisonville is only 34 miles from Hopkinsville."

Next Monday will be last day of grace for John Barleycorn and in many places there will be a high old time as the curtain falls. It has already gone down to slow music in Hopkinsville.

F. A. Hood, the California man who first hollered for Bryan for President in the convention of 1896, died this week at San Diego. Like most of us, he quit hollering for him in 1916.

Mississippi had an old-fashioned lynching at Ellisville the other night, hanging as the first degree, shooting as the second and burning as the third. The outraged girl saw the execution.

The first two days the Press Meeting was resolved into a Listening Committee, while outsiders had the floor. Yesterday evening Tom Underwood, of Kentucky, told 'em and Walter Williams, of Missouri, showed 'em.

Germany has been notified in a not sent by the allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for the loss. The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

About two weeks ago the Kentuckian printed a news item about a mule adopting a calf on the farm of Tom Smith at Gracey. In due time it was reprinted by an exchange that forgot to give us credit and the item is still going the rounds credited to the wrong paper. Mistakes will sometimes happen in the best regulated newspaper offices.

A wireless message received Wednesday from the United States transport Santa Teresa stated that she expected to arrive at her South Brooklyn pier before night with 1,000 troops and twenty-one war brides of army men. A baby, born on the voyage to the French wife of F. E. Smith, of Gifford, Mont., was christened Marijole Teresa Smith, after the ship, and was presented with a christening fund of 1,800 francs by the officers and crew of the vessel.

Mrs. Winifred Egan cut off one of her sons, John Egan, in making her will, because he married a Protestant girl. Suit has been brought to break the will, at Louisville.

TEACHERS INSTITUTE

WILL BEGIN MONDAY AND WILL CONTINUE FOR FIVE DAYS AT HIGH SCHOOL

PROF. CHAS KEITH INSTRUCTOR

Date Selected This Time Is In Vacation And Will Not Stop The Schools.

The Christian County Institute for the white teachers will be held here next week, beginning Monday and lasting through Friday. The institute this time will come just ahead of the opening of those schools which usually start the first Monday in July and in that way will not break into the session after it is begun.

As usual all the teachers will be required to attend this institute and it promises to be an exceptionally interesting and successful term. This time it will follow right on the heels of the K. E. A. meeting and County Superintendent Foster and others who are attending that meeting this week will be able to bring the best of the developments there back to the teachers here.

The instructor this time will be Prof. Charles Keith, of the State Normal School at Richmond, Ky. Prof. Keith is one of the leading educators of the South and his presence here will be a great benefit to all the teachers.

The sessions of the institute will be held at the High School building.

FATAL CRASH ON L. & N.

Three Trainmen Killed and Two Others Are Badly Injured in Accident in Tennessee.

Bowling Green, Ky., June 25.—A fatal head-on collision between L. & N. freight trains number 124 and 115, occurred shortly after one o'clock Wednesday morning at Faxon, Tenn.

Engineer Haden Stevens, aged 55, and Fireman Jesse R. Thaxton, of train 124, and Engineer Rupert Askew, train 115, were killed.

Fireman Hicks saved himself by jumping. Brakeman Fletcher and Trotter were both badly hurt.

The wreck occurred at a curve on a downgrade. Engineer Stevens and Fireman Thaxton reside here. Engineer Askew formerly resided here. The bodies will be brought to Bowling Green for burial.

WEDDING BELLS

Gordon-Rye.

Henry Lee Gordon, a returned soldier of Trigg county, and Miss Grace Rye were married a week ago, by Rev. E. E. Noel.

Watson-Tomlinson.

Mr. H. T. Watson and Miss Lena Tomlinson, a young couple from Todd county, came to the city Wednesday and were married by County Judge G. H. Champlin.

Hanbery-Butt.

Paul Hanbery, son of M. M. Hanbery, of Cadiz, a returned soldier, was married June 10, at Mitchellville, Tenn., to Miss Ruby Butt. He has re-enlisted and will be sent to Port Clinton, Ohio.

Wood-Bagby.

License has been issued for the marriage of Miss Ione Bagby and Mr. Chas. L. Wood. The bride is from Trigg county, while the groom is a native of Christian.

Of all the newspapers that come to our exchange desk, the Evansville Courier is one of the most refreshing. There is something about it that's different.

HAMILTON-GARY NUPTIALS

First Baptist Church the Scene of The Marriage of Miss Addie Belle Hardin Gary to Mr. David H. Hamilton, of Chicago

BRIDE IS A GIFTED VOCALIST

At the First Baptist Church Thursday evening, June 26, in a ceremony simple, yet beautiful, Miss Addie Bell Gary and Mr. David Hamilton were united in marriage.

The spacious auditorium was filled with the friends of the contracting parties and the decorations were elaborate and beautiful.

The decorations consisted of the greatest profusion of evergreens, palms, smilax and ferns.

Each of the three aisles was spanned half way to the pulpit by an arch covered with smilax. Over each the side aisles hung from the lofty ceiling baskets of ferns. The organ, the pulpit and the spaces usually occupied by the choir and orchestra were all beautified by the masses of green. On two stands were huge vases of white gladioli; the only flowers in evidence.

Promptly at nine o'clock the wedding party entered to the sweet strains of the Mendelssohn's Wedding March, played by Mrs. C. D. Richards. Mrs. A. B. Anderson, of Nashville, the bride's sister, was matron of honor and the groom's brother, Mr. Linton Hamilton, was the best man. The attendants and bridesmaids entered by opposite aisles singly and all retired by the center aisle in the following order:

Mrs. A. B. Anderson and Mr. Linton Hamilton.

Miss Mary Neville Hancock and Mr. A. B. Anderson.

Miss Sopronia Kelsey, of Oklahoma City and Mr. W. O. Soyars.

Miss Mary Louise Sanderfer, of Abilene, Tex., and Mr. Bruce Woodruff.

Miss Elizabeth McPherson and Mr. Elmer Grant.

Miss Grace Richards and Mr. Calder Willingham.

Miss Martha Gary and Mr. de Forest Hamilton.

The groom entered from the pastor's private entrance to the pulpit.

as did Dr. Leonard W. Doolan, the pastor, and Rev. George C. Abbott, rector of Grace Episcopal church, who assisted in the ceremonies.

The ceremony by Dr. Doolan was brief and impressive and was followed by a short prayer by Dr. Abbott.

Following the wedding there was a reception to a limited number of close friends at the handsome home of Mr. and Mrs. Gary, on South Main Street, at which Mr. and Mrs. Hamilton took a train for the North on a wedding trip.

In all of its appointments the wedding was faultless in taste and exquisite in its elegance of detail.

It would be hard indeed to get together a more strikingly beautiful lot of girls than those constituting the wedding party, from the beautiful bride to the sweet little flower girl, Mary Anne Forbes. And the young men were handsome and distinguished looking and the proud father as he gave the bride away, looked his very best.

The bride's departure from Hopkinsville will leave a vacancy in the social and musical circles of the city that will be hard to fill. Gifted as a vocalist while her older sister, Mrs. Anderson, was equally talented as a violinist, the two daughters have been the joy and pride of their parents' hearts. Only a week or two ago Miss Gary's sweet voice was heard in a solo at the First Baptist church.

The bride received many beautiful and costly wedding presents.

Mr. and Mrs. Hamilton will make their home in Chicago, where Mr. Hamilton is in business.

Among the out-of-town visitors were Mr. David Hamilton, Sr., Mr. de Forest Hamilton, Mr. and Mrs. Elmer Grant, Mr. Luther Hamilton, and Mr. Calder Willingham, all of Rome, Ga., and Mr. Shorter Hamilton, of New York.

BIG BUNCH FOR EDDYVILLE

Only Woman Will Be Taken To Frankfort to Female Prison.

The ten men convicted at the present term of the Circuit Court were sent to Eddyville Wednesday morning in charge of Sheriff Cliborne and deputies, Gresham, Evitts, Armstrong and Hale.

J. B. Pettus still muttered and acted strangely but was able to walk to the station. All the prisoners were handcuffed two and two save Grau and Henry Shanklin who went unbound.

Those who were taken to the prison were:

Jake Cox, colored, charged with murder, sentenced for life.

LeRoy Small, col., charged with grand larceny, one year.

Dave Cole, col., charged with house breaking, one year.

Otho Brinkley, charged with uttering a forged check, one year.

Robert Husky, charged with uttering a forged check, two and a half years.

Ernest Haley, charged with breaking into a dwelling, two years.

William V. Winters, charged with grand larceny, three years.

Henry Shanklin, charged with grand larceny, one year.

Claude Grau, convicted of manslaughter, ten years.

J. B. Pettus, convicted of manslaughter, twenty-one years.

JOHN LAWRENCE IN NEW FIELD

Wins New York Trip In August As Guest of Equitable Insurance Company.

John S. Lawrence, local representative of the Equitable Life Insurance Co., New York, has made a most remarkable record in his new line of work for his first year, which ends on July 1, as it evidenced by a letter which he received a few days ago from Col. Henry J. Powell, manager of the Louisville-Cincinnati Agency, under which Mr. Lawrence works.

The Equitable is to celebrate its sixtieth anniversary the last week in August with a big convention in New York City, and the 1st of July, 1918, made a proposition to all of its agents to pay their expenses to this great convention provided they would write \$100,000 or more of insurance between that time and July 1st, 1919, and Mr. Lawrence succeeded in making this amount before the first day of this month, which was a month ahead of the required time, and also qualifies him as a member of the Equitable Southern Century Club.—Cadiz Record.

BARN STRUCK BY LIGHTNING

Heavy Loss Sustained By C. D. Moss On The Julien Pike.

C. D. Moss, who lived on the Allen Owen place, on the Julien pike, lost his stock barn by lightning during the storm Thursday night. It was of the largest and best stock barns in the county.

Fortunately but little stock was in it. He lost one mule and some hogs. The loss was about \$4,000 on building and contents, with insurance for \$1500.

Mr. Moss came to this county from Hart county about two years ago and is a prosperous and highly esteemed citizen.

When you want fire, tornado or bond insurance in the Oldest Strongest Companies, See WALLACE INSURANCE AGENCY. Office up stairs. Corner Ninth and Main. Office Phone 395 Res. 437

FREDERICK LEAVES HOLLAND

Rioting In German Cities Adds to The General Turmoil and Disorder.

While no official information was at hand yesterday as to the appointment by the German government of plenipotentiaries to proceed to Versailles to sign the peace treaty, the latest unofficial advices arriving in Paris from Germany were to the effect that Dr. Herman Mueller, foreign minister in the cabinet of Herr Bauer, and Dr. Bell, the minister of colonies, have been chosen for the duty.

The time for the signing of the treaty also still was in doubt. The German delegation, said the report, would reach Versailles Saturday morning, having been due to depart from Berlin Thursday night. There has been some talk of the possibility of setting Sunday as the date for the function and Monday also has been spoken of. Everything, however, seems contingent on the actual appointment of the men who are to act for Germany and their associates in Versailles.

No further news from any source has been received regarding the return of the German crown prince who had been interned in Holland since hostilities ceased.

Another vote of confidence has been given the new German government by the Prussian national assembly following a discussion of the peace situation.

The disorders, both in Berlin and Hamburg, where there has been considerable street fighting and looting, apparently are on the wane. A news agency dispatch from Copenhagen says 185 persons were killed in the rioting at Hamburg. The casualties in Berlin have not been made public.

NEW OFFICERS FOR H. B. M. A.

Will Be Chosen At Annual Election Next Tuesday, From 9 a. m. To 9 p. m.

The annual election for the H. B. M. A. will be held next Tuesday, July 2, at the H. B. M. A. rooms, by private ballot as it will appear in printed in today's Kentuckian.

The voting may be done at any time between 9 a. m. and 9 p. m., without further formality than to call at the office and secure a printed ballot with twice as many names as are required. The voter will take his choice between two nominees for each office except treasurer, for which place there is only one nominee, J. A. Browning, who has held the office for several years.

There are no contests, as these offices are without salaries and are usually "thrust upon" those selected by the nominating committee. The only salaried position is secretary, held by Garner E. Dalton, who has served for two or three years and has no opposition for reelection by the Board of Directors to be chosen. More than 20 new members have joined the H. B. M. A. since the last meeting.

Beginning July 1 dues will be paid quarterly in advance.

Cadiz Asks State Aid.

At a called meeting of the fiscal court which was held in Cadiz on Tuesday, state aid for the streets, of Cadiz was asked for. This is in keeping with a plan started here several weeks ago looking to the building of the street through town in keeping with the Federal Highway and inter-county seat road to Hopkinsville.—Record.

The Kentuckian is not yet ready.

GORDON HELPING BURNS

John G. Duffy, Hopkinsville candidate for Railroad Commissioner, feels that he ought to receive the votes of Hopkins county Democrats. The relations between the two counties have always been very cordial and Christian county has seldom, if ever, failed to help the candidates from Hopkins county. Away back in the days of Polk, Laffoon, Fletcher, Dempsie and Judge Dunn, Christian county turned the scales more than once for Hopkins. During the last 20 years, however, Christian county has been conspicuously supported by the Democrats. Duffy and Burns are not the only men who are less prominent aspirants.

Christian county has been as loyal as any county in the state. It has been in the home of the county and the county has been in the home of the county. It has been in the home of the county and the county has been in the home of the county.

In the present contest, Christian county has one candidate for a state office and one for a district office. Prof. Foster for Superintendent of Public Instruction, whose nomination seems assured, will of course carry Hopkins as he has a right to expect. But it is different with Mr. Duffy, who is opposed by a Hopkins county man, Mr. Gordon, who has no chance to win. The contest for Railroad Commissioner is between Burns, of Paducah and Mr. Duffy, of Hopkinsville. One is from the First and the other from the Second district. The counties of the Third district included are largely for Duffy. He would win with ease if given the solid support of his own district. Mr. Gordon is only muddying the waters and gaining nothing for himself. By all the rules of politics he is bound to be the last man in the race and help only Burns in the contest.

He may store up trouble for his county in future contests and disturb the fraternal relations that have always existed between the two next door neighbors that ought to pull for each other.

Since Mr. Root has undertaken to straighten out things for the Republicans he might also help out Renter.

Now that the Hups have agreed to sign, about the only kickers still kicking are Borah, Reed and six other Senators whose constituents can't get at them.

Have you noticed that the politicians who are loudest in their demands that Gov. Black "fire" men whose terms are not out are not his original supporters, but the men who put runners on the track who were left at the post? Sit steady in the boat, Governor.

The National League of Women Workers decided in conference at Tarrytown, N. Y., to establish community centers in New York and various other cities to take care of the influx of Southern Negro girls into the Northern States. Seventy-five delegates are attending the sessions of the league, a nonsectarian organization.

C. W. Hare, director of sales of surplus war materials at the enormous salary of \$25,000 has had his salary cut to \$12,000 by the senate, which is still too high in view of some of the sales he has made, notably the disposal of \$20,000,000 worth of airplanes at \$2,000,000 a man.

The pronounced apathy in Owensboro on subjects political is evidenced by the failure of any Democratic candidate to secure a sufficient number of votes to file for nomination in the district election. The district is easily Democratic. When a representative Democratic candidate is put forward, he is usually defeated. It is too late to get the nomination in the regular way. Of course a candidate can be put upon the November

CRAWFORD'S LICENSE GOOD

Until Peary's Case is Decided

Gov. Black should "go slow" in accepting the advice of either faction in Kentucky politics. Just now he is not identified with the Italy, the Beckham or the Stanley factions, but as a democrat whose democracy has stood the acid test for thirty years in a Republican town, county and district. The people are for him for Governor because he has been elected and can be elected again, and he should resist all pressure from every hand to line himself up with all factional politics at this time. Those who are urging him to remove the liquor license from the state are not giving him good advice. Gov. Black is himself an able lawyer and knows the law governing such matters. An attempt on his part to remove men appointed for a term would result in litigation in the courts that would probably in the end sustain his own opinion of the law. It is better to use the law books another year than to further disrupt the Democratic party at this time.

WHITE BOY DIES TRYING TO SAVE THREE NEGROES

Evansville, Ind., June 26.—Three negro boys and one white boy were drowned in the Ohio River at Sandy Point, about three miles above the city Tuesday afternoon while swimming.

It is said the boys, some of whom were unable to swim, stepped in a hole that has been caused by a sand digger.

The white boy who lost his life was Rex Rouser, St. Louis, who was here on a visit. The three negroes were William Garrett, Lewis Toney and James Caldwell. Each was under fourteen years of age. None of the bodies have been recovered.

It is said that the white boy lost his life trying to save the lives of the negroes.

4 ARMED BANDITS GET \$5,000 FROM BANK

Detroit, June 26.—Four men, armed with revolvers, shortly before noon today entered the River Rouge State Bank in the suburb of River Rouge, held up the cashier and another employee and escaped with \$5,000 in cash.

ALL WHEAT DEALERS PUT UNDER LICENSE

New York, June 24.—Julius Barnes United States Wheat Director, announced tonight that President Wilson has signed a proclamation putting under license of Wheat Director persons, firms, corporations and associations dealing in wheat, wheat flour or baking products manufactured either wholly or partly from wheat flour. The only exceptions are farmers and small bakers.

Party At Lake Tandy

Misses Frances Settle, of Clarksville, and Jennie Wilkinson, of Nashville, are visiting Miss Elizabeth Abernathy. They were the honorees of a "Lake Tandy" Tuesday evening. Those present were: Misses Elizabeth Abernathy, Frances Settle, Jennie Wilkinson, Elizabeth Tandy, Mary Glenn Waller, Elsie Davis, Obertine Sisk and Grace Perkins. They were chaperoned by Mr. and Mrs. H. H. Abernathy and Mr. and Mrs. John H. Waller and Henry Abernathy Jr. Boating and fishing were features with music and refreshments.

First Springs Used on Railways

The first record of the use of springs on railways is George Stephenson's patent of September 1825, for the first locomotive. It was a small engine, but it was the first of a long line of engines that have since been built. It was used on the Stockton and Darlington railway, and it was the first of a long line of engines that have since been built.

RIGHT TO OWN BOOZE

IS STILL RECOGNIZED

Right of private citizens to store liquor in their homes after July 1 stood up under a heavy attack and was written into the Prohibition Enforcement Bill by the Senate Judiciary Committee. Ardent dry leaders voted against a proposal to make possession of liquor unlawful and declared such a measure would arouse the people. The assented voters who were in favor of prohibition would not touch such a plan. The bill will be reported out today or Thursday. Under the final measure a man may store a keg of beer in his cellar, but he must not sell it.

SIX CHILDREN DIE IN FIRE THAT RUINS HOME

Brode, Va., June 24.—Six children of Mr. and Mrs. Matt Faber died in a fire that destroyed the home near here Sunday night. It was learned today that the children were killed by the fire.

ARMY OF 400,000 FAVORED BY UNITED STATES SENATE

Without a record vote, the senate adopted committee amendments to the army appropriation bill for an average army of 400,000 men for the year beginning July 1. The bill as passed by the house provides for an army of 300,000 and Secretary Baker has recommended that the total be placed at 300,000.

INDIANA GOVERNOR TO CALL SPECIAL SESSION

Indianapolis, June 26.—Gov. Goodrich announced that he will call a special session of the legislature for the last week of August or the first week of September in order to ratify the equal suffrage amendment.

He also stated that twenty-five of the thirty-five members whom he had asked recently to join with him in calling special sessions to ratify the suffrage amendment have replied that they will call extra sessions soon. The result of the poll indicates that the amendment will be ratified before the opening of the next campaign.

Tired Of Life

Wade Manning, aged about 45 years, one of the best known and highly respected farmers in Warren county, committed suicide this morning at 10 o'clock by hanging in a barn on his farm.

HARE'S BIG SALARY IS CUT IN HALF

The senate by a vote of 27 to 22 adopted an amendment offered by Senator France, republican of Maryland, and modified by Senator Reed, democrat from Missouri, limiting the salary of C. H. Hare, director of sales and in charge of disposal of surplus war materials, to \$12,000. Mr. Hare is now being paid at the rate of \$25,000 a year.

Japanese Conjugial Etiquette

When American people judge the degree of affection between a Japanese husband and wife by their conduct to each other they make a great mistake. It would be as bad form for a man to express approval of his wife or children as it would be for him to praise any other part of himself, and every wife takes a pride in conducting herself according to the rigid rules of etiquette, which recognize dignity and humility as the virtues that reflect greatest glory on the home of which she is mistress.

One way to "combat the stove shortage" just now is to set things out in the sun.

PRESS BOYS AT PLAY

Are Having Quite An Outing In the
Metropolis.

The Kentucky Press Association will conclude its meeting in Louisville today.

The program for the three days was as follows:

Thursday Morning, June 26.

10:00—Meeting called to order by the President, D. M. Hutton, editor Herald, Harrodsburg, Ky.
Invocation—Rev. Charles Henry Prather, D.D., pastor of Bardonia Road Presbyterian church, Louisville.

Address of Welcome—Richard M. Bean, vice president Louisville Banking Company.

Response—B. F. Forgy, editor Daily Independent, Ashland, Ky.

Address—Lieut. Col. Robert J. McBryde.

Thursday Afternoon, June 26.

2:00—"In Union There Is Strength"—Courtland Smith, president American Press Association, New York City.

"Shop Talk"—Round Table Discussion led by D. M. Hutton, president K. P. A.

Thursday Evening, June 26.

8:00—Joint meeting of Kentucky Educational Association and Kentucky Press Association at First Christian church.

Friday Morning, June 27.

10:00—Address by Cora Wilson Stewart, chairman Kentucky Literacy Commission, Frankfort, Ky.

"How Can the Kentucky Press Aid in Securing Better Highways?"—Hon. Rodman Wiley, commissioner, Department of Public Roads, Frankfort, Ky.

Address—Hon. Henry J. Allen, governor of Kansas and editor of the Beacon, Wichita, Kan.

12:00—Luncheon at Tyler Hotel as guests of Louisville Convention and Publicity League.

Friday Afternoon, June 27.

2:00—"Conducting a Column"—T. O. Underwood, editor of the Kentucky New Era, Hopkinsville, Ky.

"Some Entanglements of Journalism"—Hon. Walter W. Williams, dean of Journalism, University of Missouri, Columbia, Mo.

8:00—Theatre party.

Saturday Morning, June 28.

10:00—"How Can the Press Aid in the Work of Reconstruction?"—Rev. H. C. Turner, Danville, Ky.

"Legal Advertising"—Round Table led by B. B. Cozine, editor Shelby News, Shelbyville, Ky.

Report of Secretary-Treasurer J. Curt Alcock, editor Daily Messenger, Danville, Ky.

Chinese Cooks.

It is said by those who have employed them that the Chinese always cook by rule, if they have any rule to go by—following the receipt with the same scientific exactness with which the druggists put up a prescription. Hence their results are equally satisfactory. They never burn or spoil anything, nor spill materials on the floor; consequently, nothing that goes through their hands is wasted. They cook just enough and no more.—Hotel Gazette.

Taste and Imagination.
Taste is merely a matter of imagination, says scientists, and it is asserted that tests have been made where chopped onions had been called raw potatoes, but this was when the smelling apparatus was out of commission. People do not know what tastes are.

Products of Cashew Tree.
Besides the nuts used in confectionery the Indian cashew tree yields an insect-repelling gum, a juice that makes indelible ink, and three kinds of oil, one edible, the others used to tan fishing nets and preserve wood.

The Sable Philosopher.
Don't worry 'bout when an' whar de long innell turn, but jes keep good holt er de hosses so's de wagon'll make de turn without spillin' you in de brieryatch.—Atlanta Constitution.

Easy to Recognize.
Helen, four years old, went to the movies and was much interested in the war pictures. When the statue of Liberty was projected on the screen, she exclaimed: "I can allus tell the Goddess of Liberty, 'cause she has an ice cream cone in her hand."

The Hardest Job in Every Business

In nearly every line production has been increased on account of the war. The hardest job ahead is to find a market in peace times for what those factories turn out. Money is made—not in manufacturing—but in selling. Yet selling seldom receives the attention it deserves.

The number of factories a manufacturer can build—the profit he can earn—are limited by the amount of merchandise for which he can find a profitable market.

If demand can be kept ahead of production, a profitable market is sure. And the one way to keep demand ahead of production is by advertising—teaching the public to use more of your goods.

In the past the South has bent her energies on manufacturing. The marketing of her products were largely left to others who took the raw materials and staples and converted them into specialties, trade-marked, advertised and sold them. And, invariably, it is the selling of specialties that pays the wide margin of profit and the selling of staples that pays the slim.

Greater profits—keeping conditions in our hands instead of on them—depend upon our marketing our goods as well as upon our making them.

The South's cotton goods should be known by brand names in Detroit just as we know and buy the various makes of automobiles produced by the citizens of that enterprising Michigan city.

Lumber, of which the South is the Nation's greatest possessor, will be needed for reconstruction and the merits of our various woods should be convincingly told by advertising.

The South is the greatest fat-producing section of America. In the vegetable oils from her cotton-seed, peanuts and soy beans she produces more fat than all the dairy cows of America—more fat than all the hogs slaughtered in a year. More Southern-made and marketed compound lards and salad oils would bring additional millions into Dixie.

Cane syrups, coffees and all the other epicurean delights for which the South is famed would find a bigger demand if backed by adequate advertising. And such a demand would automatically fix a profitable price.

Marketing our products as well as making them would furnish work for the hands and brains of our returning sons—provide room for the tallest ambition and stop the emigration to the North and West of the talented and ambitious.

There was a time when we could sell the merchant and let him push the goods. But today the hardware, grocery and drug stores will carry from 2,000 to 10,000 different items. Pushing any one is impossible.

Wise manufacturers are marking their goods so that they can be recognized—telling the public about their merits and inducing the folks to pull them off the shelves. And in this respect, at least, an ounce of "pull" is worth a pound of "push."

The advertising agencies of the South have had years of experience in advertising and marketing many commodities. They know the methods that have proved successful, because their whole time is engrossed with the problems of selling.

Their contact with leading manufacturers in many lines has made them intimate with various methods of winning trade—methods of securing distribution—fighting substitution. It is their business to know how business is being built.

Their services cost nothing. They are paid a commission by the publishers to make advertising profitable to the manufacturer. It will be a revelation to many business men to know the varied forms of assistance these agencies can render—information on markets, containers, trademark law, distribution methods, dealer cooperation, service in preparing booklets, copy-writing and real information on the value of different classes of advertising media.

Write, wire or phone any of the accredited advertising agencies of the South and arrange a conference with them to discuss how to increase sales. Let them help you solve the hardest job ahead.

PUT UP TO PRESIDENT

Senators To Urge Two Revenue Officers In Kentucky.

Washington, June 26.—Members of the Kentucky delegation held the opinion today that no nomination of a collector for Kentucky consolidated revenue office will be sent to the Senate before the return of President Wilson to this country.

Both of the Kentucky Senators favor a plan for two offices in the state, although Internal Revenue Commissioner Roper insists that all five of the Kentucky offices shall be consolidated into one.

It is thought likely the Senators will prevent any nomination from being presented to the Senate until after the return of President Wilson, in order that they may at present direct their argument for the 2-office plan to the President.

LEBKUECHER'S BAND CONCERTS

WILL BE GIVEN AT VIRGINIA
PARK EVERY THURSDAY
FOR THREE MONTHS

WILL BE FREE TO THE PUBLIC

Will Be Enjoyable Treat to the Music

Lovers of Hopkinsville and
Vicinity.

Lebkuecher's Band has made arrangements to give open air concerts at Virginia Park every Thursday night for the next twelve weeks.

These concerts were for several seasons a great treat to the music loving public, prior to the war, when Lebkuecher's Band became the Third Regiment Band and was practically disbanded for about three years. Since the war closed, Mr. H. L. Lebkuecher has reorganized the old band, with much of the former material, and is now prepared to make music to the delight of the public as before. These concerts will be free to everybody as the business men will raise the fund necessary to defray all expenses connected therewith.

Grecian Building Materials.

Brick is the most common kind of building material in Saloniki and in all New Greece. Wooden structures are rare, on account of the shortage of timber. Stone is little used, except for underground walls and foundations. Ordinary walls are built with both plain and hollow bricks. The former, being more solid, are generally used for the building of lower stories, while hollow bricks are commonly employed in the upper stages. The principal kind of roofing used is made of flat tiling.

Grape sacks for sale at this office.

PURELY PERSONAL

Mrs. E. P. Barnes left Wednesday for Dawson Springs.

Judge Robert Crenshaw, of Cadiz, was in town Thursday.

J. T. Wall and Col. Ike Hart are in Frankfort on business.

Mrs. Ritchie Burnett, of Houston, is in the city for the summer.

An Elks Lodge was instituted at Shelbyville Wednesday night.

Mrs. Mary McS. Starling left Wednesday for a short stay at Dawson.

The Kentucky fairs start next month, the first at Mt. Sterling July 23.

Miss Mary Pierce has gone for an extended visit to Abilene, Galveston and New Orleans.

Mrs. J. E. McPherson has gone to Richmond, Va., to visit her daughter, Mrs. George Howell.

Mr. and Mrs. Fred Long, of Cordova, Alaska, are visiting Mr. and Mrs. Herman Southall.

Mrs. J. H. Anderson, of Knoxville, arrived in the city Thursday night for a visit to relatives.

Mrs. D. H. Rucker, of Richmond, Va., is visiting Mrs. Thomas Knight and her mother, Mrs. Wm. Harrison.

Miss Fannie Spiceland, of Cadiz, returned home yesterday after a visit of several days to Mrs. Will Kimmons.

Misses Berthyne and Inogene Bartley, of Washington, arrived Thursday night to spend a month's vacation with their parents, Mr. and Mrs. T. E. Bartley.

Mrs. Annie Kyzer, Mr. and Mrs. H. E. Johnson and Miss Elizabeth Johnson left Wednesday for an extended automobile trip through Tennessee, Georgia and Alabama.

Mrs. Ida Chappell, Mrs. J. O. Cooper, Mrs. W. T. Cooper, Miss Sarah Cooper and J. E. Cooper left Thursday in Mr. Cooper's car for an auto trip to the Methodist Centenary celebration at Columbus, O.

Miss Gladys Taylor has gone to Washington where she will accept a government position. She was accompanied by Miss Vira Locker who for some time past has been in Washington but had been here on a visit to her mother, Mrs. H. C. Locker.

Col. L. H. McKee, who has Todd county in his territory in selling stock for the oil company represented here by Lewis & Legrave, says there is a great deal of material for a Baldheaded Club around Trenton, Guthrie and Allensville and he is thinking serious of organizing a club at Guthrie.

Geo. H. Tandy and wife to Lewis Ellis, \$1; lot in city.

W. P. Winfree and wife to Lawrence Simms, \$350; house and lot in city.

Nellie Gaines to Lee Ellis, \$182.40 lot on Lewis street.

Mary E. Boales, M. E. Boales and wife to Lewis Ellis, \$1; 1-3 interest in lot on Lewis street.

WILL PAY \$2.08 FOR NO 2 WHEAT

Price For the New Crop At Evansville Set By Grain Dealers Of the "Pocket."

The price of new wheat was fixed at \$2.08 at Evansville and \$2.06 at stations for No. 2 wheat by the Southern Indiana Grain Dealers' association, meeting at the Chamber of Commerce yesterday afternoon. No. 1 wheat will be \$2.11 in Evansville and \$2.09 at stations, the association decided.

About 50 grain dealers of the "Pocket" attended and discussed the wheat situation of this year. The crop this year is spotted, according to Pres. Wilbur Erskine, the yield being heavy in some places and light in others. Wet weather of the spring cut down the yield of many farmers by shriveling the grain size. Millers usually begin to receive local wheat by July 4 but it may be a little later this year because of unfavorable weather for cutting and threshing.

Shipping conditions will be practically the same as last year, Mr. Erskine said. He said he didn't anticipate a big car shortage but could not tell what might arise in the transportation of the large crop.

A meeting of the farmers and millers of the "Pocket" has been set for 2 o'clock Thursday afternoon at the Y. M. C. A. The men will be addressed by a federal grain man, who will explain the grading of wheat, corn and other grains.—Courier.

MOTHER'S BEAUTY RECEIPTS.

Simple receipts our mothers used in making their complexion beautiful. Order these now and don't let this opportunity go by you.

Receipts to massage the Face, Neck, Bust and Hands, Remove Freckles, Wrinkles, Blackheads. To make rosy cheeks. To beautify eyebrows and eyelashes. Pearly teeth and hardy gums. To manicure your hands and nails. To keep your hair from falling out and make it grow, and keep it dark.

Indian receipts. Cure for Rheumatism. To prevent baldness, make your hair grow. To keep your hair dark. Cure your corns, warts and bunions, tender feet, chilblains. Tan face, sunburn, sunstroke, burns and scalds, toothache, colds and catarrh, pimples, ring worms, boils, carbuncle neuralgia, headache, snakebites, dog bites. To destroy ants' nests. To keep flies off your horses. To keep flies out of rooms. To drive away rats and mice; they never come back. To keep away potato bugs and save labor. To destroy and keep away bed bugs. To make hens lay perpetually. To preserve fruits and vegetables. To preserve eggs. To make various kinds of non-alcoholic drinks. To make your own wear well paints.

These receipts are furnished for One Dollar, with instructions. (A giltedge investment.) Address, **ROBT. MELLOR, Youngstown, Ohio.**

NOTICE !

Concerning additional traveling allowance, soldiers and sailors call at Red Cross home service office, Wheeler Building, Main and 11th streets.

Hide Picture Wires.

Never, if you can help it, hang pictures so that the wires will show, and do let the pictures hang against the wall as if they were really and truly decoration.

PERSONAL—G. W. Pfeiffer, last known address Gracey, Ky., call at Red Cross home office for overseas message.

SALVATION ARMY DRIVE IS ON

Teams Are Finishing Work Begun Thursday and Meeting With Success.

Thursday marked the opening of the Salvation Army Home Service Drive in this county. It was planned to have everything on Thursday but as yet the drive is still on. Joseph Stites has charge of the work in the city and has divided up the town and given each division to a team. These teams are made up of soldiers and sailors and as no one can better appreciate the wonderful and helpful work done by the Salvation Army more than the boys who benefitted by it, the home folks will be told from first-hand information what the "lassie" really did.

Everybody is helping and a great success is assured to the drive. While the donations in most cases are not large, the significant fact of it all is that everyone is giving something. The teams will push on the rest of the week and all who have not given will be given an opportunity to subscribe to this most worthy cause.

In the county each school district has its chairman and these are busy trying to outdo each other. Christian county has never failed and she will not fail this time.

LEASED FOR A LONG TERM

Mrs. Elizabeth Seargent and Mrs. Cora Stine Lease Gish Property For 99 Years.

The J. H. Anderson Co. have leased the Gish property, corner Main and Ninth, for a term of 99 years from Mrs. Elizabeth Seargent and Miss Cora Stine, who own it. It adjoins their own vacant lots on the north and west, and consists of two store rooms occupied as business houses. This is but the first step towards one of the big improvements for the city in the near future.

The Methodist Church.
 Sunday School at 9:30 a. m., J. T. Thomas, superintendent.
 Preaching at 10:45, subject: "The Lesson Paul Learned."
 Epworth League at 7 p. m.
 Preaching at eight, subject: "The Church Must Save Itself—How?"
 Prayer meeting Wednesday evening at 8.
A. R. KASEY, Pastor.

Advice Soldiers Need Not Take.
 Sergeant, the French for which is sergeant, the Italian sergente, comes from the medieval Latin word serviens, meaning a servant, a vassal, or a vassal soldier who seems to have acted as an orderly or striker. Tell this to your sergeant some warm day when he criticises your appearance on parade in his coarse, unfeeling manner. It will soften him. It may even melt him.—New York Evening Post.

Learning by Experience.
 Experience keeps a dear school, but fools will learn in no other, and scarce in that; for it is true, we may give advice, but we cannot give conduct. However, they that will not be counseled cannot be helped, and if you will not hear reason, she will surely rap your knuckles.—Franklin.

Friendship's Obligations.
 I must feel pride in my friend's accomplishments as if they were mine—and a property in his virtues.—Emerson.

NINE CHILDREN GET WAR MEDALS

Judges after reading several hundred essays on Thrift and Savings submitted by the school children of Kentucky to the Savings Division, War Loan Organization, Eighth Federal Reserve District, announced today that three gold medals, three silver medals and three bronze medals and fifteen honorary mentioned certificates had been awarded to the winners.

Owing to the great number and interest taken in the submission of these essays the judges had great difficulty in finally making their selections. The medal bears a photographic imprint of Benjamin Franklin with the inscription "Thrift is Power, Save and Succeed 1919." The medal bar of each medal bears the inscription "Eighth Federal Reserve District Thrift Essay Contest."

The winners of the Gold Medals are Ulysses S. Grant Puckett, Lincoln School, Lexington, Ky., Louise Cherry, Bowling Green, Ky., and Linda B. Boyd, Hodgenville, Ky.

The winners of the silver medals are Marie Smith, Bethlehem Academy, Bardstown, Ky., Joe Lee Davis, Lexington, Ky., and Mary Emma Denny, Elkton, Ky.

The winners of the bronze medals are Hugh Coomes, Bethlehem Academy, Bardstown, Ky., Mary Louise Morris, New Castle, Ky., and Eva Richardson, Litchfield, Ky.

The following school children were given honorary mentioned certificates: Anna Belle Jenkins, Garfield School, Paducah, Ky.; Mary Louis Morris, Bowling Green, Ky.; Letta Nichols, Litchfield, Ky.; Genevieve Crowe, Crittenden, Ky.; Parker Duncan, Monticello, Ky.; Julia M. Glanahan, Corpus Christi School, Newport Ky.; Raudelle VanNorte, Litchfield, Ky.; Glen Louise Taylor, Beech Grove, Ky.; Marie Vallandingham, Crittenden, Ky.; Chas. C. Veach, Crittenden, Ky.; Eva Gilkey, Bethlehem Academy, Bardstown, Ky.; Edna Crume, Bethlehem Academy, Bardstown, Ky.; Garnett L. Tiller, New Castle, Ky.; Clifton Coons, Lexington, Ky.; Lavinia Sutton, Corpus Christi School, Newport, Ky.

This contest to promote thrift and saving among the school children of

Kentucky was inaugurated last winter. Owing to the influenza epidemic, the contest did not close in April as scheduled and the medals were just received today from the Treasury Department at Washington to be distributed to the winners in Kentucky.

State Director James B. Brown, mailed today to each winner their medal with letter of congratulation.

During a thunderstorm one stroke of lightning killed thirteen head of fine cattle belonging to Jetty Nunn in Crittenden county.

Morganfield's seven-days Chataqua is on this week.

DABNEY DIED IN BATTLE

OFFICIAL REPORT CHANGED AF-
TER DELAY OF 9 MONTHS—
TELEGRAM RECEIVED

KILLED AT ARGONNE SEPT. 26

Had Previously Been Reported As
Missing In Action and His
Fate Was Unknown.

Former Mayor Frank W. Dabney
has at last had official notice from the
War Department that his son, Corp.
Frank W. Dabney, was killed Sept.
26, 1918.

The parents of this young soldier
have been in an agony of suspense
for nine long months. The last letter
from him was written Sept. 21, 1918.
It told that he had just left the hos-
pital after recovering from a shrap-
nel wound on the side of his head.
As soon as he rejoined his company,
he was sent into the awful carnage
at Argonne-Meuse, the bloodiest bat-
tle in which Americans participated
in France. After going into the des-
perate charge in Argonne forest, Cor-
poral Dabney was never again heard
from.

After a time the war department
reported him as "missing in action"
and so the record has stood until
Thursday when the young man's par-
ents received the following telegram:

Washington, D. C., June 25.

Corporal Frank W. Dabney, Infan-
try, previously reported missing in
action since Sept. 26, 1918, now re-
ported killed in action same date.

ADG. GEN. HARRIS.

Corporal Dabney was the oldest of

three brothers in the service.

He was living at Kansas City when

war was declared and at once entered

as a volunteer in the Missouri Nation-
al Guards and soon afterwards was

assigned to the 35th Division of In-
fantry. He was sent overseas early

in 1918 and arrived in France in
April. In a few months he was sent

into action and wounded as stated
above. When sent to the front again

he was in the main column launched
against the picked shock troops of

Germany with orders to hold the
line at all hazards.

The intrepid Americans broke the
line at a fearful cost, the extent of

which was not known until the war
was over. In this greatest of all

battles Frank Dabney died a hero's
death, along with several thousand

Americans who gave their lives for
victory.

No details have yet been received

of how he died.

The young soldier had a war poli-
cy for \$10,000 made payable to his

mother. He also had other insur-
ance taken out before the war and a

farm in Texas of considerable value.
He was unmarried and was twenty-
eight years of age.

BURN FRENCH BATTLE FLAGS

Held To Be Peace Treaty Violation;
Commission is to Take Action.

Paris, June 26.—Word of burning
of captured French Battle Flags by
the Germans has been received here.
Peace conference opinion is appar-
ently unanimous that it is a distinct
violation of the peace treaty, inas-
much as the document stipulated
that the flags should be returned to
France by Germany.

It is probable that a commission
will be appointed to consider taking
action in the matter.

Presumably the foregoing refers
to French battle flags taken by the
Germans in the war of 1870-71. Ar-
ticle 245 of the peace treaty, in the
original draft, stipulated that within
six months after the treaty should
take effect Germany must restore to
France the trophies, works of art,
etc., carried from France by German
authorities in the Franco-Prussian
war, "particularly the French flags
taken in the course of the war of
1870-71.

FOREST LACY HAS RE- TURNED FROM FRANCE

Forest L. Lacy has returned from
13 months service in France. When
he entered the army he was rural
carrier on No. 6 and his young wife
took up his duties while he was ab-
sent, filling his official position for
a year or more. Mr. Lacy will re-
sume his former position and Mrs.
Lacy will give her attention to their
home just north of town.

SOCIAL EVENTS

The dinner given at Lake Tandy
Tuesday afternoon to the Directors
of the Hopkinsville Water company
at their annual Stockholders' Meeting
was a very enjoyable affair.
Max B. Nahn and Mr. and Mrs.
Thomas M. Hunt, of Bowling Green,
were the out-of-town guests.

Prof. L. J. McGinley is in Louis-
ville attending the K. E. A. He and
Mrs. McGinley have just returned
from their wedding trip. Mrs. Mc-
Ginley is visiting her mother in Pem-
broke.

Cards have been received an-
nouncing the approaching marriage
of Miss Lucile Thomas to Mr. Cecile
G. Anderson, of Blytheville, Ark.
The bride's mother, Mrs. John N.
Thomas, is a former resident of Hop-
kinsville, and is a sister of Mrs. Clar-
ence Blakemore.

FOR FLETCHER'S
CASTORIA

GOING UP WITH A RUSH

WALLS OF NEW BETHEL COL-
LEGE DORMITORY ARE
RAPIDLY RISING.

BIG FORCE PUSHING THE WORK

Materials On The Ground To Keep
Various Branches of Work
Moving Ahead.

The laying of brick was begun on
the new Bethel dormitory Thursday,
by the forces of the Dalton Brick
Co., who have this part of the work.
The walls are going up with a rush
and in a day's time the front wall
was higher than a man's head.

At the same time the excavation
was in progress, the dirt being taken
to fill depressions in the campus.

Carpenters are busy at work cut-
ting timbers under the big trees and
all told 25 or 30 workmen were push-
ing the new building.

Already the trustees are looking
out for a name for the dormitory.
A suggestion that it be called "Alum-
nae Hall" is being received with
much favor.

One change has already been de-
cided upon. The basement floor,
which is only two feet in the ground,
has iron columns that will make it
unsuitable for a gymnasium and it
will be devoted to other uses and an
entirely new provision will be made
for the gymnasium.

Architect Waller has also worked
out a plan for a connecting entrance
into the main building on the parlor
floor. This will be a popular change
in the plans as originally drawn.

This week a number of post cards
were gotten out showing the work-
men at work and these were mailed
out to the girls by Mrs. B. F. Eager,
who is in charge of the building
while Miss Lindsay is on her vaca-
tion in Cadiz.

The Trustees hope to have an im-
portant announcement to make in a
few days in regard to a President of
the Faculty and other teachers.

The catalogue will be issued next
week.

Baby Natural Monopolist.

There is about the baby none of the
subtle deceitfulness of the old, prac-
ticed bore who deftly turns the con-
versation to his own exploits and af-
fairs. Baby simply takes off the muf-
fler from his personal self. The en-
tire household attention turns at once
to his affairs. He monopolizes the con-
versation with his breathless account
of his hunger or of his connection with
the open safety pin—and that is all
there is to it.

Just So.
To be successful a farmer has to
be sharp as a raiser.—Boston Tran-
script.

MORTALITY VERY HEAVY

No Less Than 15 of Ferrell's Boys
Have Died Since August,
1916.

A good many more of Ferrell's
Boys have been heard from and
many of them are arranging to at-
tend the coming reunion in August.

A list has been compiled of those
who have died since the last meeting,
in August, 1916, which is as follows:
J. Ed Bronaugh, Howell, Ky., Nov.
6, 1917.

Ed T. Campbell, St. Louis, Mo.,
Oct. 18, 1916.

Will Collins, McAlester, Okla.,
Oct. 17, 1918.

E. Lee Ellis, Hopkinsville, Oct. 25,
1917.

Lawson B. Flack, Hopkinsville,
1918.

John Feland, Hopkinsville, Oct. 7,
1918.

Jas. R. Gaines, Gracey, Ky., May
29, 1918.

Dudley Garth, Trenton, Ky., Feb.
16, 1917.

Roy L. Loewenthal, Evansville,
November 15, 1918.

Pope Miller, Pembroke, April 11,
1918.

Harry F. Robertson, Wichita Falls,
Texas, March 6, 1919.

C. C. Slaughter, Nashville, Dec.
31, 1916.

Henry D. Wallace, Sr., Hopkins-
ville, April 17, 1919.

Henry D. Wallace, Jr., Hopkins-
ville, Oct. 7, 1918.

P. E. Warfield, Casky, 1918.

Four of them were soldiers. Corp.
Will Collins in the war of 1898, Lieut.
Lawson Flack in the border cam-
paign of 1917 and Lieut. H. D. Wal-
lace, Jr., and Roy L. Loewenthal in
the war of 1918. All died from dis-
ease.

Of this list Bronaugh, Flack, Fel-
and, Gaines, Garth, Loewenthal and
the two Wallaces all attended the last
meeting. They will be missed.

FIRST WHEAT

W. R. Lander, of Gracey, Wins Bar-
rel of Flour Offered by Mills.

To Mr. W. R. Lander, one of the
most enterprising young farmers of
the Gracey neighborhood, goes the
honor of bringing in the first load
of wheat. His wheat was delivered
to the Hopkinsville Milling Company
Wednesday and brought \$2.07 per
bushel. He was awarded the barrel
of flour offered by the mill to the
first one who delivered. Several
other farmers would have brought
in their wheat this week but the rains
which fell throughout the week stop-
ped threshing.

The Kentuckian \$2 a year.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is In the Blood. from all impurities.
Summer catarrh, with its nausea-
ous discharge, stuffed up glands,
difficult breathing, and summer
colds, is bad enough, but the worst
of it is yet to come if you neglect
to check the growth that is form-
ing to attack you with ten-fold
greater power during the winter.
That's why it is so important to
treat catarrhs and other blood dis-
orders with S. S. S. during warm
weather, and thus free the system

Prickly Saltwort Once Valuable.
The prickly saltwort, so common
on sandy shores, was once much
valued in preparing carbonate of soda.

New Contract Let.

At a called meeting of the County
Road Commission held in Cadiz last
Saturday, D. C. Crowmover was given
the contract to complete the grad-
ing of the Cadiz-Hopkinsville inter-
county seat road to the Christian
county line. He has been at work
for several months on the grading
from the end of the pike east of
town to the colored schoolhouse east
of old Montgomery. The new con-
tract embraces the work from the
schoolhouse to the Christian county
line, a distance of 2 and 6-10 miles.
The contract price for this last con-
tract is about \$6,000.

Coal To Go Up.

Lexington, Ky., June 25.—Coal is
going up. Advances in the price at
the mines averaging 50 cents, labor
shortage, difficulty in securing coal
in quantity, prospect of demands for
higher wages and a shorter working
day from miners as soon as the peace
treaty has been signed and the men
are relieved from their present con-
tract, are conditions that have com-
bined to put the retail coal business
in a precarious condition, according
to coal men here today.

Mrs. T. W. Wootton left Thursday
for Dawson Springs.

HUN SRESENT CAT-MEAT

Raids On Food Preservers Follow

Report of Use of Domestic
Animals.

Copenhagen, June 25.—Serious
rioting occurred at Hamburg on Mon-
day and Tuesday, when mobs attack-
ed food-preserving factories, it being
alleged that bodies of dogs and cats
had been found in them. The man-
agers were dragged into the streets
and roughly handled. The War Pro-
vision Department was also attacked
and its office wrecked.

The mob tried to disarm troops
marching through the streets and the
latter opened fire, a number of per-
sons being killed or wounded.

Entertains Friends.

Total Cost of War.

Washington, June 26.—The war cost 7,582,300 soldiers' lives; between \$185,000,000 and \$195,000,000,000 in money; and the loss of 23,005,353 tons of merchant shipping, and 1,652,125 tons of war vessels.

These figures today were presented to opponents of the League of Nations by Senator McCumber, of North Dakota, a league advocate, as the most telling reason why the league should be ratified and future wars prevented.

The figures were gathered for McCumber by the War Department.

GREECE WANTS U. S. CHASERS

Seeks to Purchase Speedy Boats No Longer Needed by American Navy.

Paris, June 26.—Greek naval authorities have been examining American submarine chasers which have been in the Adriatic sea with a view to their purchase. The Greek navy already had two former American battleships and expects in the service a further augmentation of the fleet with American craft.

A fleet of 36 chasers was sent to the Adriatic to co-operate with the cruisers Olympia and Birmingham and eight destroyers in carrying out American's role in the execution of the provisions of the armistice with Austria. The chasers are now at Malta for overhauling, but in the meantime the Greek government is making overtures for their purchase. These proposals may be entertained, as the close of the war makes it probable that there will be little further need of the chasers, which are particularly suited for navigation in shallow waters like those of the Greek archipelago.

ROUT ALIENS TO GET JOBS

Canadian Soldiers Just Returned From the Front Cause Excitement at Winnipeg.

Winnipeg, Man., June 26.—Aliens were chased about the city and forced to kiss the Union Jack, an employment agency smashed up and several companies forced to promise that all aliens would be discharged within three days by Canadian soldiers just returned from the front. They found their jobs filled by aliens. One of the first plants visited by the soldiers was that of the Swift Canadian company at Alhwood, a suburb. After a near-riot they were promised that the aliens would be discharged within three days. The guarantee was given by the manager of the plant, the mayor and General Kitchen, who were called to the scene. The men then split into detachments, visited many other establishments, enforcing similar demands. Whenever an alien was seen by the soldiers he was chased and forced to kiss the flag.

Refuses to Raise Chickens

Greenville, O.—There is a new allegation in an answer to a divorce petition filed in the county court here by Ira E. Bickel. After denying all of the allegations made by his wife, which were the old stereotyped charges, Bickel comes back and says his wife refused to "raise chickens or do anything else that she ought to do as a dutiful wife."

Brazil Now Coffee Center.

Arabia formerly supplied the world with coffee; later the West Indies and then Java took the lead, to be supplanted in turn by Brazil, which now produces about three-quarters of the world's supply and controls the market.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, his bowels were in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

FEDERAL CONTROL

WILL END JULY 31

Toll and Exchange Rates Will Continue Four Months Longer.

Washington, June 26.—An agreement was reached by the Senate and House conferees on legislation to repeal the government control of telegraph, telephone and other wire systems.

The conferees adopted the House plan or terminating government control at midnight on the last day of the calendar month in which the law is approved.

Toll and local exchange telephone rates under the conference agreement will be continued four months unless sooner changed by the state commissions.

The practical effect of the legislation, the conferees stated, will be that all wires will be returned to private control and operation on midnight July 31, as it is expected confidently the law will be signed by the President early in July.

"NATIONAL HONOR" SLOGAN OF EIGHTH DISTRICT LEADERS

WAR LOAN ORGANIZATION MANAGERS HOLD ENTHUSIASTIC MEETING IN ST. LOUIS.

CONFIDENT OF QUOTA

"Our Job is Before Us and People Will Not Repudiate Debt of Honor," says Compton.

"National Honor" will be the keynote of the Fifth or Victory Liberty Loan campaign that opens April 21, according to W. R. Compton, Federal Director of War Loans for the Eighth District, who addressed the district managers of the War Loan Organization of the Eighth Federal Reserve District last Monday at the Mercantile Club building, St. Louis.

In welcoming the visiting chairman, David C. Biggs, newly appointed governor of the Federal Reserve Bank, said that he had confidence that the Eighth District would again be the first to subscribe its quota.

Mr. Compton stated that at the time of the signing of the armistice, the government was compelled to spend at the rate of \$2,000,000,000 a month. He explained that in anticipation of the Victory Loan \$4,800,000,000 of certificates of indebtedness had been issued and must now be taken up.

"Our job is before us," said Mr. Compton, "and I cannot believe that the American people will repudiate a debt of honor. The person who does not pay his debts does not have a good standing in the community. A nation that will not pay its debts has no standing in the great world family."

Mrs. Theodore Benoist, director of the Women's War Loan Organization, stated that 150,000 women were ready to begin work at the command of the government in this district.

Vincent L. Price, sales director, explained to the managers the sales plans and urged them to get their sales organizations perfected to be ready for the state meetings which will begin within the next two weeks.

H. S. Gardner, publicity director, explained the publicity campaign and urged the chairman to arouse the latent spirit of patriotism in their communities.

Tom K. Smith, vice president of the War Loan Organization and chairman of the Bankers' Division, urged that the bankers take an active part in the selling campaign.

A. O. Wilson, chairman of the Speakers' Bureau, explained the speakers' program and said that returned soldiers would be used as speakers during the campaign.

Representing the women of Illinois, Mrs. William H. Hart, chairman of the women's organization in Illinois, addressed the Monday meeting. She urged the women to impress on the purchasers the honor of holding their bonds.

Mrs. Edward Torrance spoke in place of Mrs. Fred Lavenstein of Indiana. R. W. Alkin of Sullivan, Ind., declared that he was glad of an opportunity to work in the loan and serve his country.

H. T. Frank of Owensboro, Ky., pledged the full share of Kentucky's quota of sales and cooperation. He urged a patriotic exhibition of the life of a soldier from the time he arrived in the training camp in this country until he at last arrived in active service.

NAVY FIRES OPENING GUN

Watch the Navy's Slogan on Eve of Victory Loan Campaign.

The first shot in the Victory Liberty Loan Campaign, which will be opened officially April 21, was fired by Joseph Daniels, Secretary of the Navy, just before he sailed for Europe.

Thus the Navy, as is fitting, has, several weeks before the regular campaign begins, started off the Victory Liberty Loan, setting a patriotic example for the rest of the country to follow.

"Subscribe for \$5,000 worth of bonds for me," Secretary Daniels told Rear Admiral T. J. Cowie, U. S. N., the day he sailed. At the same time he revived the stimulating slogan used so successfully in the Fourth Liberty Loan, "Match the Navy." With our far-flung Navy holding safe the seven seas, the "Match the Navy" appeal, made originally by Admiral Cowie to Secretary of the Treasury McAdoo, and much to popularize the loan and carry it to success. Now, in the face of our Navy's brilliant achievements, Secretary Daniels' revival of the "Match the Navy" idea takes on an added significance and will serve as a boost for the loan all over the country.

SECRETARY GLASS SAYS:

"Talk about sacrifice of the American people! What is meant by sacrifice? Is it a serious sacrifice to invest one's money in the interest-bearing obligations of one's own government to make overwhelmingly secure the nation's freedom and well-being as the nation's property?"

PLAN CLOSER UNION

Movement to Draw English-Speaking Peoples Together.

First Branch of Union to Be Established in America is in Philadelphia.

Washington.—It is the general feeling that the foundation on which the proposed League of Nations must be built is a complete understanding and friendly co-operation between the two great English-speaking peoples; that on the American and the British will fall largely the task of making the world safe for democracy. Realizing this, a group of Americans and Britishers have started a movement to draw the English-speaking peoples of the world closer together in the bond of comradeship and have organized the English-Speaking Union.

The aim of the union is, briefly, to make the English-speaking peoples of the world better known to each other, whether they be Americans, Australians, Canadians, New Zealanders, South Africans, Newfoundlanders or the inhabitants of the British Isles and their dependencies. It does not aim at formal alliances, nor is it concerned with the relationship of government; it is solely and simply a good fellowship movement among the people "who speak the tongue that Shakespeare spoke."

The aim of the promoters, American and British, is that no citizen of the English-speaking world should feel lonely again after the war, that no American visiting the old world should ever want a friend, and that no Britisher should ever want one in the great republic. They plan to make these people better known to each other in various ways—by the interchange of visits, by correspondence, by the printed word, by lectures, by an interchange of professors and preachers, by sporting contests and by every other possible means.

It was Admiral Sims who said the other day that "if only an interchange of 100,000 young men from our leading schools on both sides of the Atlantic could be made annually there would be no possibility of future misunderstanding between us." In 95 per cent of the things that matter the English-speaking peoples, whether they come from the United States, from the British dominions in the far and tropics, or from the mother country, have the same outlook, the same ideals, the same conceptions of right and wrong, the same laws, the same literature. It is only in the remaining 5 per cent of superficial things that they differ. The first branch of the English-Speaking Union to be established in America is in Philadelphia and the first European branch is in London. Its monthly magazine already has been started.

BRITISH DEFY FOE'S MINES

Invention of Naval Officer Enabled Ships to Push Into German Bays.

London.—Mines and mine fields were rendered obsolete by the development of the "paravane," the invention of Lieutenant Burnley and consistently used by the British navy by Admiral Sir Hedworth Meux. This instrument was officially adopted by the navy early in 1916 and was so successful that several factories were built for its construction. It is now learned that the British grand fleet on several occasions pushed right into the light of Heligoland, which, if mines mean anything, would have been a death trap for ships. German experts never solved the mystery. From the time of its adoption to the close of the war only two wrecks were reported having been sunk by mines. The most recent use of the "paravane" was on the occasion of British warships entering the Baltic through a closely mined strait area. The steel wire mooring ropes of the mines are said to have been cut by the paravanes as a string is cut by scissors.

When He Weakened, I See Newton at the club quite often since his baby came. I thought he was anchored to a home life. He was, but at the first squall he began to drift his anchor.

DAY'S WAR COST

19,000,000 DOLLARS

\$800,000 An Hour For Twenty-Four

Hours Was Nation's Bill,

Says Baker.

Washington, June 24.—It took nearly \$800,000 an hour, twenty-four hours a day, from April 6, 1917, to June 1, 1919, for the United States to put up a fight necessary to beat Germany, Secretary Beyer informed the special House committee investigating War Department expenditures.

The figure breaks all spending records of Government departments in the history of the country.

The daily expenditure was about \$19,000,000, which made a total cost in slightly more than two years of more than \$14,000,000,000. To that must be added the expenditures of the Navy Department, Shipping Board and all the special bureaus, besides the increased expense of the regular departments to obtain the total war bill of the country.

AVIATOR KILLED BY FALL

FIANCE SEES ACCIDENT

Rye Beach, N. Y., June 26.—Lieut. Shelly Watson, Rogers, Tex., and a civilian mechanic, M. Ireland Westbury, were killed today when an airplane in which they were flying crashed to the ground here and caught fire.

Watson, who recently returned from eighteen months' service overseas, had flown here every morning from the aviation field in Mineola to circle the house in which his fiancée was spending the summer.

The accident was witnessed by his fiancée.

TO GRIND.

NOT CAUGHT NAPPING BY THEM

Turns Down Plan of "Disinterested Democrats" For State House.

Cleaning.

(Louisville Times)

Requested, it is said, by a delegation of Democrats led by W. W. Davies and Judge J. H. Thurman, of Springfield, to remove the State Textbook Commission and three members of the State Board of Control, after they presented to him what they believed sufficient authority for such removal, Gov. Black Monday night refused to take the action recommended.

The delegation had gone to the capital with a list of ten educators of the highest type and three other names suggested for vacancies on the Board of Control, and these it presented to the Governor. The delegation styled itself as composed of "disinterested Democrats." It included supporters of both Judge John D. Carroll and Gov. Black in their race for the nomination for Governor, it was said.

Besides having the names of men to take the places of those to be let out, the committee was armed with the declarations of a number of Democrats from various parts of the State which were to be filed. These were styled "high class men" and were said to be supporters of both candidates for the gubernatorial nomination.

Gift Brought Punishment.

A young woman employed in the office of a Kobe shipping house received from her millionaire employer, a sum of money as a present on New Year's day. The girl took her fat wad of notes home. She was promptly thrashed by her mother for stealing them and dragged to the office to apologize for the theft. Explanations were made, but when they got home she was admonished once more for not stating her case more clearly. Japan Chronicle.

All Sailors Superstitious.

All sailors are superstitious, but none is so completely under this influence as the old deep-sea fisherman. He puts the deepest faith in "signs" and omens of all kinds. Nothing would induce a skipper of the old school to sail on a Friday. One intrepid unbeliever who dared to leave the docks at Grimby, England, on a Good Friday was hooted through the lock gates by the scandalized populace. In spite of this challenging the fates, however, he returned safely with ship and crew.

Should Cities Have Slum Districts?

Jacob Riis, the noted author and sociologist, has sounded a timely warning to growing cities that have not experienced the troubles connected with large slum districts.

Dr. Riis said, "Most of our American cities are destined manufacturing centers. Most of our cities lie within reach of raw materials waiting to be made up into necessities and luxuries---with the coming of manufacturing plants the tenements and cheaply constructed apartment houses are invariably the homes of the workers. We have always tried to force our workers to live huddled and packed together; for what reason no man has ever been able to give a sane answer."

Continuing, Dr. Riis says, "Hell Kitchen," Tin Can Alleys and Poverty Rows are always found contiguous to large manufacturing establishments."

We have seen the ravaging effects of these crowded sections. We know that the slums and tenements go hand in hand with crime and vice, and sooner or later these parasites will undermine the communities, causing untold misery, adding expense to the police department of our Government.

If there is no good reason for slum districts, why have them? If they cause crime, disease and pestilence, why tolerate them? Why encourage our land owners to erect barn-like buildings, in which to herd and crowd our unfortunate citizens?

We must take the warning heralded by Dr. Riis and others, and profit by the mistakes of other cities. Our city has too much vacant space around it which should be peopled. We can offer no plausible excuse on the ground of lack of space; for on all sides is plenty of room for expansion. What we do need is the determination on the part of our land owners and builders not to permit tenements and slums, but provide comfortable homes where, nurtured by God's sunshine, we may develop men and women useful to us in every phase of citizenship.

"Don't tell me the bedroom suit is sold and you can't get another!"

She has been shown a wonderful Mahogany Bed Room Suite and she was very enthusiastic about it. But, of course, she had to "shop" before she decided. In the meantime the suite was sold, and as the makers are hopelessly behind in filling orders she cannot get another during this season. BUY NOW.

In our more than twenty years business experience, we have never found it as difficult to keep our display complete and up to its standard as it is this season. Urging you to decide quickly once you are shown what you want is not merely a salesman's effort to complete a sale---he knows the almost certain disappointment you are courting as indicated by the above example---it is his duty to tell you of it. BUY NOW.

The reason for this condition is the unprecedented demand for high grade, dependable furnishings such as we feature exclusively. The people have money to spend, much of it, and they are buying the best merchandise obtainable. This has given specialty stores, like ours, a tremendous volume of business, a volume breaking all past records and causing a shortage of such goods.
